Greetings!

March was such a crazy month and if the weather today is any indication, April is going to be off the charts! Before we share all the wonderful promotions and events for this month, we would like to take a moment to **THANK YOU!**

Epping Promotions

Check out these awesome promotions for our Epping location:

April 4th:
Raising Dough for Granite Youth Film Festival
5-9pm

We know that award season can be relentless, so many contests, so little time. Everyone here at 900 Degrees appreciates your time and consideration for the restaurant award season. Although we are still waiting to hear on a few award results, we are happy to share that 900 Degrees was selected as the *BEST of the BEST for Dine-In Pizza!* This means we received more votes in this category than any other business in the great state of New Hampshire. And we couldn't have been a winner without you, so **THANK YOU, THANK YOU, THANK YOU!**

NOW SERVING HANDCRAFTED ORGANIC COLD BREW COFFEE BY NOBL

You know how much we love to support local business, and how much we love organic and green products, and these passions have brought forth latest Epping menu addition: Nobl Coffee!

Nobl utilizes similar draft equipment used to dispense stouts and porters to serve coffee with the same qualities as a nitro beer. It starts with certified organically grown beans which are roasted locally in Bedford, NH by [Flight Coffee Co.](#) Then, the cold brew process is refrigerated from the second the coffee hits the water, assuring the highest standards of quality and freshness. You've got to try it to taste the difference in this iced coffee. 900 Degrees is offering Nobl Coffee at our Epping location only.

PRO TIP FROM PRISCILLA

April is a month of renewal. The snow (even the stuff that fell this morning!) will be melting away, plants are starting to bud, kids are starting outdoor sports and everyone has their sights set on summer. We made it through another long New England winter!

In our neck of the woods, we have opened the deck in Manchester, started preparing our outdoor plants for the season and are registered for our annual Earth Day activities, including the [2016 Party for the Planet and Redhook Block Party](#) as well as the [Intown Manchester's Adopt-a-Block](#) initiative. All of us at 900 Degrees feel a strong dedication to do what we can to be green and protect our planet and this is a great time of year to renew those intentions. [Earth Day 2016](#) is on April 22nd.

I personally invite you to join me in the activities above for Earth Day and every day all year round. Visit the [Going Green section of the 900 Degrees website](#) for more information on how we improve our operations, our green partnerships and periodic tips on how to improve your footprint. We hope to see you soon and thank you for joining with us in this support of our great Mother Earth.
