PRO TIP FROM PRISCILLA

As the nights are getting cooler and the summer activities are winding up, I love to see all the kids getting ready for back to school. Fall does bring a lot of welcome changes: leaves start turning, cozy sweatshirts come out of storage, and schedules become a little more predictable.

Here at 900 Degrees, we are preparing to send our college students back to campus. This time of year is always bittersweet - we are so proud of our team and love to see them succeed. But, boy, will we miss their smiling faces! As they pack up their cars and get ready to head back to campus, we would like to share this great article to remind them of their green, healthy 900 Degrees roots: [7 Ways To Be an Eco Friendly College Student](#). In the spirit of random acts of green, we hope you will share this with your favorite college-bound student.

We have enjoyed a fantastic summer here at 900 Degrees. So many of our friends have visited us in Manchester and Epping and shared their great experiences. Be sure to check out [a few of our favorite testimonials](#) from well-respected websites like Google+ and TripAdvisor. We love hearing from our customers and sharing their happiness with the rest of our tribe. Be sure to check us out on [Kriddik](#), the NH-based private feedback app. [Click here to download it to your phone and leave feedback for any business.](#)

As you reflect on summer or the upcoming fall, I invite you to come in, pull up a seat, enjoy some authentic pizza or pasta, and see experience the 900 Degrees difference for yourself. We look forward to seeing you.
