Dear Priscilla,

October is a very exciting time of year, especially for 900 Degrees Neapolitan Pizzeria ... this month is National Pizza Month! The pizza industry is valued at over \$30 billion (that is with a B!) and really that's no surprise when you do the math: Americans eat approximately 100 acres of pizza a day or about 350 slices per second. It is safe to say, Everybody Loves Pizza!

At 900 Degrees, we have some fun ways to celebrate National Pizza Month along with some of our favorite holidays, like Halloween in a few weeks. This enews is dedicated to all the fun, all the celebrations, and all the pizza you can handle!

Pizza Makes Life Better!

PRO TIP FROM PRISCILLA

The crisp fall nights are back and the leaves are changing. Fall truly is a magical time in New England. Although it is a treasured favorite on our menu, we definitely see a strong spike in interest in our Granny Smith Pizza. Maybe it is the crisp weather, the cozy sweaters, or it could be the much-anticipated local apple season that tempts everyone's palates. If you haven't tried it, National Pizza Month would be a great time to check it out.

We are very excited about National Pizza Month and have some fun contests and giveaways to help all of you celebrate. As you may have heard on our social media, 900 Degrees was named once again by Parenting NH Magazine for Family Favorite Pizza in 2016. So bring in the whole family for a night (or two, or three!) of celebration. Or share your excitement and love of pizza with others by [purchasing gift cards securely through our website](#). If you are a Sam's Club member, you can also purchase gift cards from local Clubs at a member discount.

There really isn't a wrong way to celebrate National Pizza Month. However you choose to honor your love of pizza, we hope to have the opportunity to celebrate with you and yours.
