PRO TIP FROM PRISCILLA

The turn of a new year is always a breath of fresh air. The 1st of each January offers endless hope and optimism for the year ahead. That's why so many people choose new year resolutions - to try to start the new year on the right foot for a brighter future in 2018.

As a restaurateur, my focus is always on how to continue delivering the highest quality food and the best customer service.

One of the ways I gauge our success is our continued recognition by customer-driven award contests. Currently, we are promoting our nomination for NH Business Review's 2018 Best of Business Award.

[Please click here and vote 900 Degrees for these categories before voting closes!](#)

In the next few weeks, the NH Magazine's 2018 Best of NH competition will be kicking off so stay tuned for more details on this prestigious award. We are so proud to be a 10 time winner!

Thank you for your support over the past decade and I look forward to celebrating the new year with you and yours. Here's to 2018!
